The Value Of RSL Qualifications

RSL advocates an open access approach to qualifications, providing a range of syllabi, designed to accommodate a wide variety of candidates of different ages, experience and levels of achievement. RSL qualifications are listed on the Regulated Qualifications Framework (RQF) in England and Northern Ireland by the Office of Qualifications and Examinations Regulation (Ofqual). RSL is committed to maintaining and improving its reputation for excellence by providing high quality education and training through its syllabuses, examinations, music and resources.

RSL & UCAS

For students applying for work or University, many potential employers see graded music exams in a very positive way. Recognised qualifications demonstrate an ability to dedicate commitment to extra-curricular activities, providing evidence of versatility which many students find beneficial within UCAS (Universities & Colleges Admissions Service) applications and for University entrance interviews.

Our qualifications at Level 3 (Grades 6–8) carry allocated points on the UCAS tariff.

For full details relating to the allocation of UCAS points please see: www.rslawards.com/about-us/ucas-points

QUALIFICATION SUMMARY

Aims & Broad Objectives

The aim of music performance qualifications is to provide a flexible, progressive mastery approach to the knowledge, skills and understanding required for popular music performance.

RSL's graded qualifications motivate and encourage candidates of all ages and levels through a system of progressive mastery, enabling candidates to develop and enhance skills, knowledge and understanding in a safe and consistent way. The qualifications are beneficial for candidates wishing to progress at their own pace through smaller steps of achievement.

These qualifications are suitable for candidates in the Under 16, 16+, 16–18, 19+ age groups.

Progression

Graded qualifications provide a flexible progression route for candidates. They are a positive means of determining progress and enable candidates to learn the necessary techniques to gain entry to FE and HE courses. Graded qualifications operate according to a well-established methodology of 'progressive mastery'. They allow candidates to be tested in discrete stages in the development of a wide range of skills. They tend to be more rigorous than other types of exams and for that reason industry is confident that achievement at the highest level gained by candidates of graded qualifications will have the skills necessary to work in other areas of the business.

Qualification Structure

A graded qualification consists of a range of both practical and knowledge-based elements which are based on detailed requirements outlined in the relevant syllabus. Therefore, requirements for each grade will be set out in detail in the Unit Specifications below and the learning outcomes and assessment criteria for each unit will require knowledge, skills and understanding of these syllabus requirements to be demonstrated at the grade entered.

Entry Requirements

There are no entry requirements for these qualifications. However, candidates should be aware that the content at the higher grades will require a level of knowledge and understanding covered in previous qualifications.

For further details on exam dates and fees and to apply for your music performance grades please visit the RSL website at:

General Notes

At the beginning of a Grade Examination, the examiner will ask the candidate if they wish to begin with Performance Pieces or Technical Exercises. In a Performance Certificate, candidates may present their performance pieces in any order of their choice.

Candidates may perform any or all of their pieces from memory. This is not compulsory at any level and no additional marks are given for this. With the exception of certain Technical Exercises where memory requirements apply, it is permitted to use grade books which contain notes made during the course of a candidate's study. **Note:** It is not permitted to make any notes at any time during the exam.

For General Musicianship Questions, the examiner may use his or her version of the selected piece as the basis to ask the questions if such notes contained on the candidate's version are deemed sufficiently extensive or might assist the candidate when answering the questions.

The examiner will not facilitate page turning for candidates. Candidates are allowed to photocopy relevant sheet music as necessary to alleviate page turns but all copied materials must be handed into the examiner at the end of the examination.

All tempo markings are to be observed unless otherwise stated. Each piece is designed carefully to achieve a number of outcomes appropriate for the grade.

Expectations of Knowledge, Skills and Understanding

The graded examination system is one based on the principle of 'progressive mastery': each step in the exam chain demonstrates learning, progression and skills in incremental steps. Successful learning is characterised by a mastery of the fundamentals of the skills demanded in each grade.

Learners will be able to complete a set of practical tasks and be tested on their underpinning knowledge (the complexity and variety of tasks are determined by which qualification is being attempted), which allows them to demonstrate popular music performance knowledge, skills and understanding relevant to the grade. These technical skills set a firm platform for further technical and creative development by the learner.

Quality Assurance

All RSL examinations and graded qualifications are standardised according to the processes and procedures laid down by RSL.

CANDIDATE ACCESS AND REGISTRATION

Access and Registration

The qualifications will:

- be available to everyone who is capable of reaching the required standards
- be free from any barriers that restrict access and progression
- offer equal opportunities for all wishing to access the qualifications

At the point of application, RSL will ensure that all candidates are fully informed about the requirements and demands of the qualification.

Candidates may enter online for any of the qualifications at various points in the calendar year in territories throughout the world. Dates will be published on the website at www.rslawards.com

Please Note: Candidates may not perform pieces in their exam that they have previously performed for an RSL Assessment. This includes re-sits of their exams.

Recommended Prior Learning

Learners are not required to have any prior learning for these qualifications. However, learners should ensure that they are aware of the requirements and expectations of each grade prior to entering for an assessment.

FURTHER INFORMATION & CONTACT

Guidance on Free Choice Pieces

For all examinations, candidates are able to play a number of free choice pieces:

- **Grade Examinations:** Two free choice pieces (a minimum of one piece must be from the Piano grade book)
- **Graded Certificates:** Two free choice pieces (a minimum of one piece must be from the Piano grade book)
- **Performance Certificates:** Three free choice pieces (a minimum of two pieces must be from the Piano grade book)

Free choice pieces must demonstrate a comparable level of technical and musical demand to the pieces given in the set selections in the grade books which can be referred to as an indication of appropriate level.

Own compositions are also acceptable. Pieces should be selected carefully to ensure that they provide suitable opportunity for candidates to demonstrate the relevant assessment criteria. Candidates are reminded that if a chosen Free Choice Piece does not meet these requirements this may impact on the level of achievement possible within the examination.

FREE CHOICE PIECES

For all piano grades, candidates are able to play a number of free choice pieces in the examination:

- Grade Examinations: **Two** Free Choice Pieces (at least one piece must be from the grade book)
- Graded Certificates: **Two** Free Choice Pieces (at least one piece must be from the grade book)
- Performance Certificates: **Three** Free Choice Pieces (at least two pieces must be from the grade book)

Visit www.rslawards.com for grade specific Free Choice Criteria and wider requirements which need to be observed in full to be eligible for use in the exam. Prior approval is not required but any deviation/simplification/omissions from any aspect of the criteria or requirements may be reflected in the marks awarded.

Free Choice Pieces can be performed to a backing track (without the examined part on the track), or as a solo piece (without backing track).

If there is any doubt or questions about the appropriateness of the chosen piece, it would be acceptable to email it to info@rslawards.com and a member of the RSL Awards team will advise.

NOTATION

All notated work is to be played as written. Where a candidate wishes to perform alternative content an equivalent level of technical outcomes must be demonstrated. Otherwise, there should be no changes or arrangement (unless previously agreed with RSL Awards). Each piece is specifically written/presented carefully to achieve a number of outcomes appropriate for the grade.

Please note that fingering indications are given as guidance only. Fingering technique is not in itself assessed, only the resulting musical outcome.

Exclusions:

- At all grades, if any two handed/open voiced chords notated in the pieces are not achievable, candidates may adapt the chord voicing or play as a spread chord if stylistically appropriate.
- At all grades, candidates are free to execute voiced chords notated in the pieces with either hand or combination of hands.

ADAPTATION AND PERSONALISATION OF PIECES

Candidates should perform pieces as notated, except where they choose to embellish or rework any sections (NB. this does not apply to technical exercises or unseen tests which must be performed exactly as written). In these instances, as well as where there are performance indications to *ad lib*, *improvise*, *develop*, etc., candidates will be marked on their ability to present the personalised material in a stylistically appropriate way, commensurate with the grade level. All performances will be expected to have a clear basis in the notated material.

PIANO SPECIFICATION

The following instruments are accepted for use in Piano exams at all grades.

- **Acoustic Piano**
- **Digital Piano**

A number of our exam venues in the UK have acoustic pianos. The remainder have digital pianos. Candidates are advised to contact RSL Awards to check their nearest centre if they specifically wish to perform the exam on an acoustic piano.

See also <https://www.rslawards.com/music/find-a-centre>

USING OWN EQUIPMENT

Candidates may bring their own digital piano or keyboard for use in the exam, which must fit the following criteria:

- **Debut:** Minimum of four octaves/49 keys, touch sensitive, sprung or weighted keys and a sustain pedal.
- **Grade 1:** Minimum of five octaves/61 keys, touch sensitive, sprung or weighted keys and a sustain pedal.
- **Grades 2–8:** 88 keys, touch sensitive, sprung or weighted keys and a sustain pedal.
- **Candidates must use a 'realistic' piano sound for their exam.**

Candidates will need to note on the application form that they wish to use their own equipment when applying to take the exam. Owing to scheduling constraints and the potential impact on subsequent exam times, the absence of prior notification to RSL Awards will result in the examiner refusing candidates own equipment on the day.

RSL Awards also recommends that candidates who wish to bring in their own equipment contact their exam centre to make any practical arrangements beforehand and also bring their own assistance to carry the equipment in/out of the exam room.

Own equipment needs to be practicable and reasonably portable so as not to impact on exam timings.

Note also that whilst it is acceptable for candidates to use their own equipment for use in the exam, if any outcomes required at a particular grade either cannot be demonstrated or are demonstrated less securely as a result of the equipment, this may be reflected in the marks awarded. Rockschool cannot advise whether or not candidates use their own equipment. A decision to do so is entirely at a candidate's discretion/risk on this basis.

Candidates cannot use either pre-programmed backing tracks or internally generated, pre-programmed rhythms.

MAKING NOTES IN THE EXAM

It is not permitted to make any notes at any time during the exam.

With the exception of Technical Exercises where memory requirements apply, it is permitted to use grade books which contain notes made during the course of a candidate's study.

For General Musicianship Questions, the examiner may use his or her version of the selected piece as the basis to ask the questions if such notes contained on the candidate's version are deemed sufficiently extensive or might assist the candidate when answering the questions

UNIT SPECIFICATIONS

Debut

The Debut Piano exam is for candidates who have been learning a short time and have developed elementary skills, techniques, co-ordination and musical understanding.

There are three types of exam available at Debut: a **Grade Exam**, **Graded Certificate** or **Performance Certificate**. (Refer to the Introduction for an explanation of the differences).

Debut

GRADE EXAMS

PREPARED WORK

Candidates are required to play **three** Performance Pieces, and Technical Exercises which cover scales, arpeggios and studies.

UNPREPARED WORK

Candidates are required to complete **either** a Sight Reading or an Improvisation & Interpretation test, and an Ear Test that begins to develop melodic recall. The final part of the exam comprises **five** General Musicianship Questions, on topics relating to the candidate's choice of piece performed in the examination and on general instrumental knowledge.

EXAM STRUCTURE

The Debut exam lasts **15 minutes** and is taken in the following order:

- **Performance Pieces ***
- **Technical Exercises ***
- **Sight Reading OR Improvisation & Interpretation:** Candidates are given an unseen test to prepare and perform.
- **Ear Tests:** Candidates respond to one melodic recall test.
- **General Musicianship Questions:** Candidates answer five questions based on one of the pieces performed, and on general instrumental knowledge.

** These elements can be taken first or second at the candidate's request*

PERFORMANCE PIECES

The pieces in the grade book can be used for every type of exam. In a Grade Exam and Graded Certificate, candidates are required to perform three pieces. In a Performance Certificate, candidates are required to perform five pieces.

TECHNICAL WORK

At Debut there are **three** groups of technical work: Scales, Arpeggios and Studies.

- All scales and arpeggios need to be played hands separately, *legato*, ascending and descending, in the keys and octaves shown in the grade book.
- There is no memory requirement, and candidates may use their book for all technical sections at this grade.
- Any fingerings shown are suggestions only.
- All groups are played unaccompanied (without metronome or click).

GROUP A: SCALES

Recommended minimum tempo: $\text{♩} = 52$

- C major, one octave, right hand
- C major, one octave, left hand
- A natural minor, one octave, right hand
- A natural minor, one octave, left hand

GROUP B: ARPEGGIOS

Recommended minimum tempo: $\text{♩} = 92$

- C major, to a 5th, right hand
- C major, to a 5th, left hand
- A minor, to a 5th, right hand
- A minor, to 5th, left hand

GROUP C: STUDIES

Studies are specially composed short pieces designed to develop and demonstrate key areas of technique in performance.

At Debut, candidates perform their choice of **one** of the technical studies from the grade book.

SIGHT READING / IMPROVISATION & INTERPRETATION

At Debut, candidates will be offered the choice between Sight Reading or Improvisation & Interpretation. Both are previously unseen and examples of each are given in the grade book. The examiner will ask the candidate which one they wish to choose before commencing the test. Once a decision has been made, the candidate cannot change their mind.

SIGHT READING

In the sight reading test, the examiner will give the candidate a previously unseen 4–6 bar melody in the key of C major or A minor, to be played unaccompanied. Candidates will first be given 90 seconds to practise. After the practise time, the examiner will ask the candidate to commence the test.

- Recommended minimum tempo: $\text{♩}=60$
- Candidates are tested on their ability to perform previously unseen pitches and rhythms. No dynamics are shown, however, candidates should maintain an even tone quality throughout.
- While the assessed part of the test is not played to a metronome click, candidates may ask to hear the recommended minimum tempo on a metronome at the start of, or throughout their practice time. Additionally, candidates may ask to hear a few seconds of the tempo on a metronome before the assessed part of the test begins.

IMPROVISATION & INTERPRETATION

Key: C major

Tempo: 60bpm

Time signature: 4/4

The Improvisation & Interpretation test is in the form of a 4–6 bar chord progression, with all chord symbols indicated.

Candidates may improvise either a melodic line or a chordal part to complement the backing track. Candidates will have 90 seconds to prepare after which the examiner will play the backing track twice. The first time is to practise and the second time is to perform the final version for the exam.

During the practice time, candidates will be given the option of a metronome click throughout or a one-bar count-in at the beginning.

For the first playthrough, there will be four clicks. For the test, there will be a one-bar count-in. The backing track is continuous so once the first playthrough has finished the count-in of the second playing will start immediately.

EAR TEST

At Debut there is one ear test, assessing melodic recall skills. An example is shown in the grade book.

MELODIC RECALL

Tempo: $\text{♩} = 95$

Rhythms: Minims (half notes)

The examiner will play two minims one after the other. Candidates are to state whether the second note is higher or lower in pitch than the first note. The test will be played twice, each time preceded by four clicks. For this exercise, candidates are to use the words 'higher' or 'lower'.

GENERAL MUSICIANSHIP QUESTIONS

The final part of the exam is the General Musicianship Questions section, where the examiner will ask a **total of five questions** drawn from the topics and lists below, relating to the candidate's choice of piece performed in the examination, and on general musical and instrumental knowledge. The examiner will ask which piece the candidate has chosen for this section of the exam and will ask them to open the relevant page in their book before commencing with the questions.

Dynamic Markings: *f*, *mp*

Articulation: staccato, legato

In the sight reading test, the examiner will give candidates a 4–6 bar piece in A major or E^b major, to be played unaccompanied. Candidates will first be given 90 seconds to practise. After the practise time, the examiner will ask candidates to commence the test. While the assessed part of the test is not played to a metronome click, candidates may ask to hear the recommended minimum tempo on a metronome at the start of, or throughout the practice time. Additionally, candidates may ask to hear a few seconds of the tempo on a metronome before the assessed part of the test begins.

IMPROVISATION & INTERPRETATION

Key: E^b major or A major

Tempo: $\text{♩} = 60\text{--}95$

Time Signature: 4/4

In the Improvisation & Interpretation test, the examiner will give candidates a 4–6 bar chord progression in the key of either A major or E^b major. Candidates will first be given 90 seconds to prepare, after which the examiner will play the backing track twice. The first time is to practise and the second time is to perform the final version for the exam. For each playthrough, the backing track will begin with a one-bar count-in. The tempo is: $\text{♩} = 60\text{--}95$.

- At this grade, candidates have the choice to improvise either a melodic line or a chordal part to complement the backing track.
- During the preparation time, candidates will be given the choice of a metronome click throughout or a one-bar count-in at the beginning.
- The backing track is continuous, so once the first playthrough has finished, the count-in of the second playing will start immediately.

EAR TEST

At Grade 3 there is one ear test, assessing melodic recall skills. An example is shown in the grade book.

MELODIC RECALL

Key: C major

Tempo: $\text{♩} = 95$

Time Signature: 4/4

Rhythms: Minims (half notes), crotchets (quarter notes)

The examiner will play a two-bar diatonic melody in the key of C major, with a range up to a fifth. There will be a C root note at the beginning of the test, then the melody will be played twice, each preceded by four clicks. After this, there will be a one-bar count-in and then candidates need to play the melody back to a metronome click. The first note of the melody will be the root.

It is acceptable for candidates to play over the track as the test is being played and there will be 10 seconds to practise after the second playing. The piano can be used to assist at any time prior to being counted in to perform the exam version.

Note: the 10 seconds is pre-recorded on the audio track so the count-in for the exam version may begin while candidates are still practising.

GENERAL MUSICKERSHIP QUESTIONS

Grade 3 candidates will be asked five questions on topics relating to their choice of piece performed in the examination and on general musical and instrumental knowledge.

Knowledge of Your Chosen Piece

The examiner will ask the candidate which piece they have chosen for this section and will ask them to open the relevant page in their book before commencing with these questions.

At Grade 3 candidates may be asked to:

- Identify note pitch names (bass and treble staves plus two ledger lines)
- Identify semibreve (whole), minim (half), crotchet (quarter), quaver (eighth), semiquaver (16th) note and rest values
- Identify and explain the meaning of dynamic markings found in the piece (pp, p, mp, mf, f, ff) and cresc. and dim. plus hairpins

General Musical and Instrumental Knowledge

Candidates will not need to refer to their chosen piece for these questions.

At Grade 3 candidates may be asked to:

- State the intervals of a major triad, minor triad or dominant 7th chord (using interval names, e.g., 'root', 'fifth', etc.)
